INDEPENDENT AUDITORS' REPORT

Board of Directors Northwest Ohio Community Shares, Inc. Toledo, Ohio

We have audited the accompanying statement of financial position of Northwest Ohio Community Shares, Inc. (a nonprofit organization) as of June 30, 2011 and 2010 and the related statement of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Northwest Ohio Community Shares, Inc. as of June 30, 2011 and 2010, and the changes in its net assets and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Mosley, Efundt, Blick + DeMarco, Drc.

Note A - Significant Accounting Policies

Nature of operations

Northwest Ohio Community Shares, Inc. ("Organization") was established in 1997 to provide financial and other support for member non-profit organizations that provide charitable, scientific, cultural, or educational services in Northwest Ohio and Southeast Michigan. The primary purpose of the Organization is to provide significant ongoing funding through workplace fundraising for member organizations.

Basis of presentation

The Organization's financial statements have been prepared on the accrual basis of accounting. Under this method of accounting, revenues and expenses are identified with a specific period of time and are recorded as incurred without regard to the date of receipt or the payment of cash.

Financial statement presentation

The accompanying financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards FASB ASC 958-205-45-4, Financial Statements of Not-for-Profit Organizations. Information regarding the Organization's financial position and activities is reported according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Management is of the opinion that there were no permanently restricted net assets at June 30, 2011.

Cost allocation

Joint costs are allocated to benefiting programs using various allocation methods, depending on the type of joint cost being allocated. Joint costs are those costs incurred for the common benefit of all agency programs, but which cannot be readily identified with a final cost objective.

Recognition of donor restrictions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of donor restrictions. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

In the statement of functional expenses, salaries and related expenses are charged to the various categories of programs and supporting services on the basis of the actual or estimated time devoted to these activities. Other expenses have been allocated on basis determined by management.

Note A – Significant Accounting Policies (continued)

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash

Cash balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. While the Organization's cash balances may exceed federally insured limits from time to time, the Organization feels it is not exposed to any significant risks.

Allowance for uncollectible pledges

Uncollectible pledges are provided for using the allowance method based on management's evaluation of the collectability (based on historical losses and current economic data) of outstanding pledges receivable at the end of the fiscal period.

Funds due to agencies

In accordance with Statement of Financial Accounting Standards FASB ASC 958-20, Transfers of Assets to a Not-For-Profit Organization or Charitable Trust that Raises or Holds Contributions for Others, the Organization records a liability when it accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets, or both, to another entity that is specified by the donor. The Organization refers to this liability as "funding due to agencies" in the statement of financial position.

Net asset categories

A description of the Organization's net asset categories is as follows:

Unrestricted net assets – Unrestricted net assets are those that bear no external restrictions as to use or purpose.

Temporarily restricted net assets – Temporarily restricted net assets are those whose use has been limited by donors to a specific time period or purpose.

Major funding

The Organization conducts an annual campaign for its member agencies concurrently with the annual United Way campaign, offering alternatives and non-traditional choices for individuals and businesses in Northwest Ohio and Southeast Michigan.

Revenue

Membership dues and campaign revenue are recognized in the accompanying financial statements in the following ways. Membership dues are billed to members at the beginning of the Organization's fiscal period. Campaign revenue is raised through the pledge drive campaigns for distribution in the subsequent calendar year. These pledges are recorded as pledge receivables and contributions when pledged.

Note A – Significant Accounting Policies (continued)

Distributions to member agencies

In accordance with the by-laws of the Organization, a minimum of 80% of designated campaign receipts are allocated to eligible members each campaign year. Member agencies are eligible to receive an allocation of undesignated campaign receipts as earned and authorized through governance participation. Subsequent to each fiscal period, based on actual pledges collected, the Organization makes its final determination of distributions to member agencies and records any final adjustment to the campaign at that time.

Income taxes

The Organization is a nonprofit corporation and is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

Effective for the year ended June 30, 2009, the Organization adopted the provision of FASB ASC 740, *Income Taxes* (FASB ASC 740), related to accounting for uncertainty in income taxes on any unrelated business income. The Organization files an information return in the U.S. federal jurisdiction and also in Ohio. Tax returns for all years after 2008 are subject to future examination by tax authorities. The Organization has evaluated income tax positions and believes there are no uncertain tax positions of significance that are required to be recorded or disclosed under this standard.

Subsequent events

Subsequent events were evaluated through January 11, 2012, the date the financial statements were issued.

Note B – Temporarily restricted net assets

Temporarily restricted net assets at June 30, 2011 and 2010 consist of campaign contributions attributable to Community Shares administration of \$7,644 and \$15,068, respectively.

Note C - Lease commitments

Effective May 1, 2003, the Organization entered into an operating lease for office space. The lease agreement provided for rent of \$400 per month and had an indefinite term. In July 2009 the Organization terminated this lease agreement and entered into a new lease agreement at a different location.

Effective July 21, 2009, the Organization entered into an operating lease for office space. The lease agreement provides for rent of \$320 per month and expired January 2010. Subsequent to January 2010 the rental agreement is on a month to month basis. Rent expense for 2011 and 2010 was \$3,840 and \$4,022, respectively.

Note D - Program and support services

Accounting principles generally accepted in the United States of America require the disclosure of expenses functionally allocated between program and support services. Although considered appropriate, other methods of allocation could be used that would produce different results. The expenses for June 30, 2011 and 2010 relating to program and support services were allocated in the following manner:

	2011	 2010
Program services	\$ 187,425	\$ 196,274
Support services - general and administrative	39,774	43,392
Fundraising	9,941	10,847
Total	\$ 237,140	\$ 250,513
